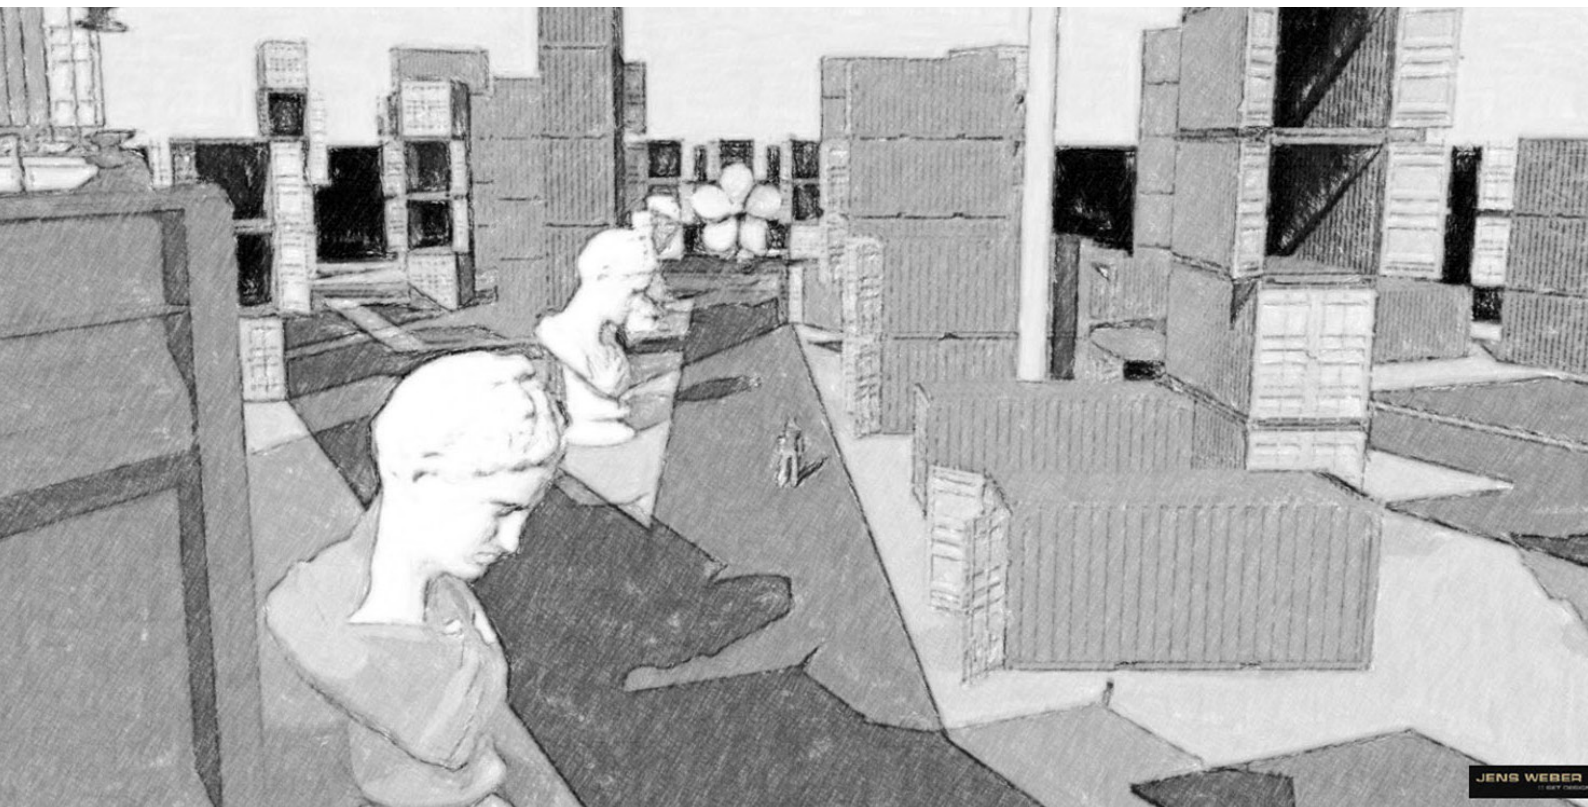

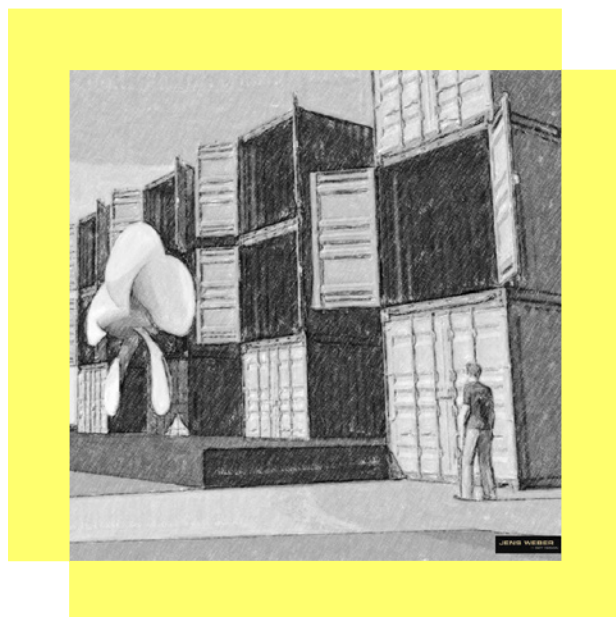

PHOTOPIA. A city made of 350 containers.

We're giving the imaging industry a new home.

Hamburg's spectacular festival based on the trendy topic of imaging is coming! PHOTOPIA Hamburg from September 23 - 26, 2021 according to the motto #shareyourvision will not only be THE inspiring event this summer, but also an absolute highlight in terms of hall concept. Set designer Jens Weber is creating a monument to Hamburg out of **350 containers** on **20.000 m²**.

"We wanted to create an atmosphere that is both a stage and a motif. An environment that inspires and motivates and only becomes an independent and living world through the people who enter it. A city within the city!"

Jens Weber
